This script will be uploaded on the Internet Archive.

Note: This was gonna be turned into an intermission, but I decided not to.

Spurrit: And Lakitu kills Mario, leading Mario to flush in a toilet.
Chris: I love this level.
Yawstrich: I love Pirates of the Caribbean, because it created the Yawstrich Arc. Yodalee? Yodaliy?
Sporerow and Epic G'joob, now Yodalee and Yodaliy, comes in
Yodalee: I love the Yawstrich arc.
Yodaliy: But why did you rename yourself to Mike Gabriel?
Yawstrich: So my future doesn't get ruined.
Yodaliy: But you called it the Yawstrich arc.
Yawstrich: Let's go to the Yawstrich Arc.

Scene 4/36: Yawstrich Arc

The Yawstrich Arc, which is the 2006 Disney castle
Yawstrich: Welcome to the beautiful village and my beautiful castle. This is the Yawstrich Arc. The village has references to my past, like when I prayed for Yodalee and Yodaliy to come.
Yodalee: We lived on a mythical island.
Sarah Jane: I love this place. It makes me want to yodel.
Steven: How did you create the Yawstrich Arc?
Yawstrich: Me, Yodalee and Yodaliy accidentally used a Time Machine to go back to 2005 and build this amazing castle to replace the boring old arcs.

Murray: Here are the new Ui you need to know. Go into the castle to learn more.
In the castle

Yababa (Lime): And I'm in-between Homeshule and Whou. I'm Yababa.
Rarity (Violet): Rarity is in-between Anthony and Zhe.
Jeff: Also known as Jeff.
Yawstrich: I noticed that red, yellow, blue and purple names are like the Wiggles: Murray, Greg, Anthony, Jeff.
Murray: Coincidence?
Yodalee: I love the Wiggles. My favorite song is Fruit Salad.
Yodaliy: I love Hot Potato.
Yawstrich: Glad we got fans of this Australian music group.
Paintle comes
Paintle: Hello everyone. I am Paintle, and I have my own colouring room in this castle. Wanna come?
Yawstrich: I would love to.
In the colouring room
Paintle: So, this is my colouring room. I love colours, as I have twelve colours based off of the twelve-part colour wheel. My blocks are red, vermillion, orange, amber, yellow, lime, green, aqua, blue, violet, and purple, and my limbs and features are magenta. It's not true that magenta is the mix of red and purple, magenta is way too bright. Do you want to learn the most common misconception of colour theory that should be avoided?
Yawstrich: Yes.
